From the Command Chair: by Capt. David Sladky

Hello Crew,

Just need to make sure everyone is on the same page as to the goals and needs on the ship. Right now we need more crew members to fill out command posts. Chief of Operations and Chief Engineer are the 2 spots that need to fill as soon as possible. To have a ship run the right way, it takes the dedication and commitment of a command staff. Two major events for this and the next months are donations for the food bank for November and Toys for Tots for December. All crewmembers have to do is report their donations and everyone's donations will be compiled for the report to STARFLEET. Come January we need to start planning for our list of events which will include going to the Shore leave Star Trek

convention in Hunt Valley Maryland. As a reminder to our crew we have a Yahoo group, facebook page, and web site for any information you may need, or feel free to contact any of the command staff with any questions you may have. Also there will be a special holiday issue of the newsletter, so the due date for those articles will be December 15th. Thank you for your time and have a happy holiday season!

About the Special Security Division (SSD) for those of us who are unaware of this division, such as myself. Here is a small history.

the Special Security Division felt no loyalty to anything but the Federation and the SSD. They gave no quarter in their investigations, and should a high-ranking Federation official be implicated in a crime or misdeed, there was no bargaining with the SSD. 'Justice' was their motto, and let the chips fall where they might. They respected no one, and their loyalty to their code of ethics was unbreakable. They were a necessary force but a feared one.
